Environmentally Sustainable

UC has again beene certfied under the ToltEnvirocare Carbon Reduce programme (to ISO 14064), PDNLQJ LW our 11th year under the scheme.

Since our baseline year in 20110e UC has reduced greenhouse gas emissions by 50%. This includes 2020 as an exceptional year when the CO119D pandemic contributed to large proportion of the

reduction. Yet even allowing for this, we are progressing well. The 2019 greenhouse gais resmiss performance was a 23% reduction over the baseline exercise our target at that stage of 20%.

The SDG Summit is to be held on 2–3 September. The programme, is visitish being finalised, includes over 20 interactive sessions, plus field trips and a community literasist. Start with 'LVWLQJXLVKHG 3URIHVVRU 'DRHÀDUS BQUR ZDVO RR6000 FKVDR QRIMDR QRIMD

Professor Heinemann summarised the three primary models in the repositoral only, Doctoral and Research Master's and students with an undergraduate qualification. The recommendation was the second option, not least because Research Master's students reported as being least satisfied with their experience taUC. Should the Board support the proposal, a business case would be to the agreed, it was also possible that this could form the basis for the third option in later years if desired. The Deputy ViceChancellor (Research) said that the propostatected the values emerging from the previous debate about structurestudent centredness, cognateness and pragmatism. The Board endorsed the preferred option 2 and its ongoing development.
